

Chapter Budget Policy

- Designate a minimum balance of \$2,000.00, except for club expenses, to be in the bank at all times. For instance, if the balance is below \$2,000.00, we will not award to any charities or make any donations, but will continue to pay bills and club expenses.
- Establish a line item not to exceed \$500.00, which does not carry over, for automatic contributions for brother and sister firefighter deaths. For instance, if an active firefighter is killed or dies in the region or Commonwealth, an automatic \$100.00 is sent to the family.
- Individual requests for donations would come before the membership, provided the minimum balance was in place.
- The Finance Committee will conduct an audit that corresponds with the election year of the Office of Treasurer.
